January 3rd 2018

Hello,

First of all may I wish you a Happy New Year, I hope it's a healthy, prosperous and photographically stimulating one!

Following on from my hugely successful tours to Cinque Terre and Santorini last autumn I am delighted to announce new dates for 2018.

These are both stunning locations with a wealth of photographic opportunities and we will visit at the right time of the day to help you capture images to be proud of. The tours focus very much on photography and by keeping the groups to a maximum size of 6 people, it means that you are assured of my personal tuition and support to help you improve your photographic skills, whatever your level.

## CINQUE TERRE PHOTOGRAPHY TOUR

**18th - 22nd April 2018**

With its dramatic coastline, multi-coloured villages, terraced fields rising from the azure sea and breath taking views, it's no wonder why this is a UNESCO World Heritage Site.

We will focus upon the five villages (Monterosso, Vernazza, Corniglia, Manarola, and Riomaggiore), as well as nearby Portovenere, accessible by boat. A walking trail, the "Sentiero Azzuro", connects the five villages and the paths out of these provide the perfect spots for dramatic views of the villages and coastline.

We'll be shooting quaint villages, vibrant colours, traditional piazzas, terraced vineyards, rugged coastline and tiny harbours. But it is perhaps the stunning sunrises, sunsets and blue hour shots that you will remember most from your trip.

The largest of the five villages, Monterosso al Mare, with its wide range of accommodation, good selection of restaurants and easy access to the other villages, is the perfect base for the tour. Our excellent hotel is located on a quiet side street just 10 minutes walk from the railway station and within easy reach of the old town.

Our time together will include individual and group discussions, inspiring ideas and great fun. I cannot think of a better location to express your creativity than the breath-taking region of Cinque Terre!

See my **website** for more information. The tour is limited to six people so book early to avoid disappointment.

## SANTORINI PHOTOGRAPHY TOUR

**12th - 19th May 2018**

With its dazzling white houses, blue-domed churches, twisting alleyways and hilltop windmills, Santorini is quintessentially Greek . Famous for its stunning sunsets, sweeping wide vistas across the dramatic caldera and beautiful architectural detail, it's no wonder that this island is on the bucket list for so many photographers.

During the tour we will be spending much of our time in the four very different towns and villages of Fira, Firostephani, Imerovigli and Oia as well as visiting other interesting locations on this stunning island. We will explore quaint traditional villages, hilltop churches, dramatic coastline and ancient archaeological sites.

In order to make the most of the beautiful sunrises, sunsets and blue hours, we will be out photographing at dawn and dusk. We'll also have some free time to allow you to relax and enjoy the delights of the island.

Our time together will include individual and group discussions, tuition on a wide range of photographic techniques, inspiring ideas and great fun. The atmosphere will be informal and friendly and in the evenings we'll enjoy traditional Greek food and excellent local wines.

Why not join me for a wonderful photography tour to this enchanting, magical island.

See my **website** for more details. The tour is limited to 6 people so book early to avoid disappointment.

Please feel free to forward the newsletter to your friends who might be interested in my Photo Tours.

Best wishes

Chris
