

NNPS INTERNAL MOBILE PHONE COMPETITION RULES

Up to 4 images can be submitted

Images submitted to this class must have originally taken with a mobile phone or tablet.

The image can be any subject in colour or Black and white.

The images for this class must have the EXIF data attached, showing that the image originated from a mobile phone or tablet.

The original Image taken on a mobile phone or tablet can be further processed in other software programmes such as Adobe Photoshop, but make sure that the EXIF data is not stripped out of the final image by that programme.
